WETOP: salon administrator guide

Daily work: shift, calendar, appointments, clients, cash desk and activity log. Screenshots come from a test salon; all names are made up.

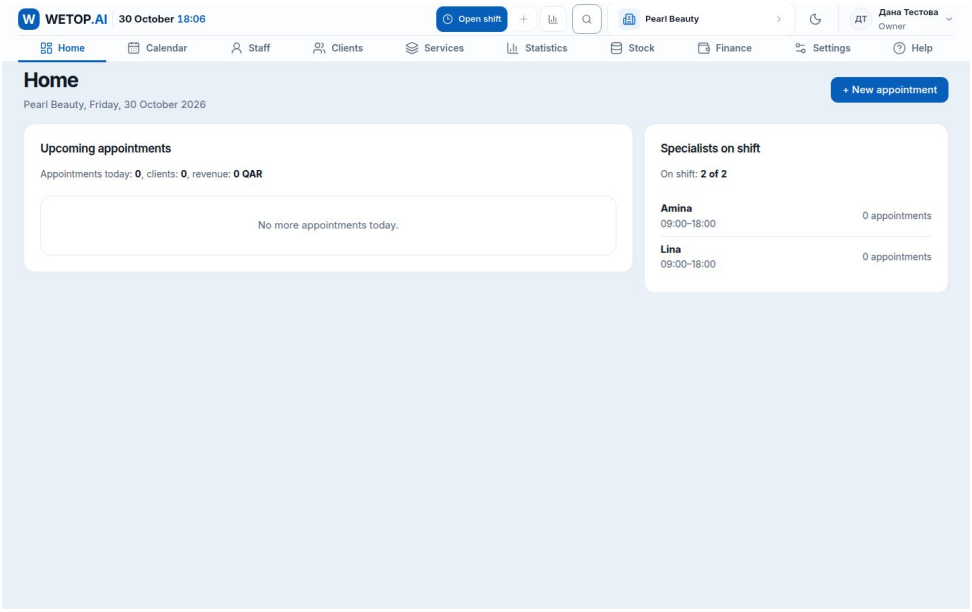

1. Start of day: open the shift
2. Day calendar
3. New appointment
4. Appointment card: confirm, pay, complete
5. Cancel and reschedule
6. Week and month
7. Clients
8. Cash expense
9. Shift summary and closing
10. Activity log
11. Calendar on a phone
12. Daily checklist

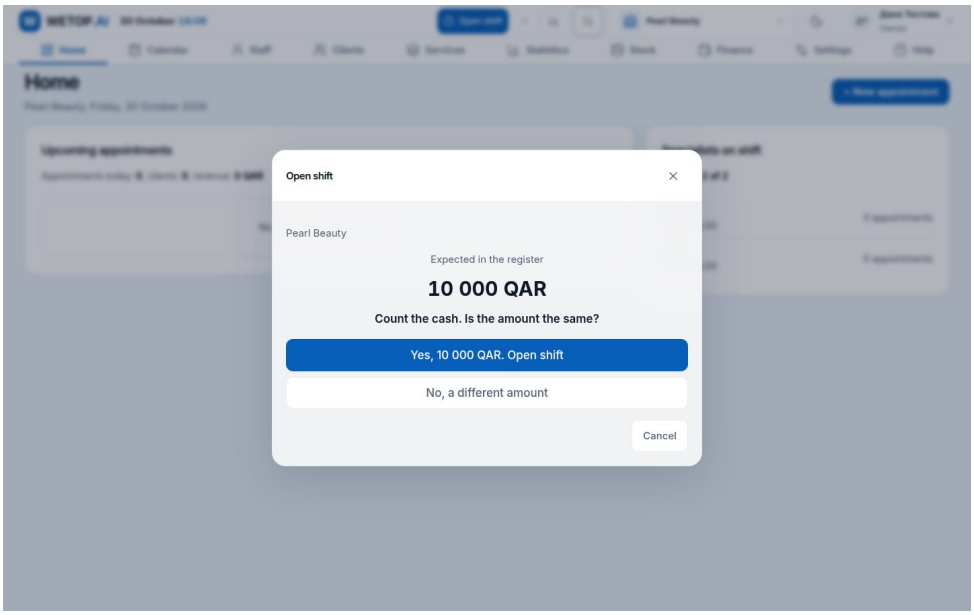

1. Start of day: open the shift

1. Open Home. At the top you see "Upcoming appointments" and "Specialists on shift".

2. Click the blue "Open shift" button in the header.

3. Count the cash. If it matches, click "Yes, … Open shift". If not, click "No, a different amount" and explain why.

Tip: Without an open shift the till accepts no payments or expenses.

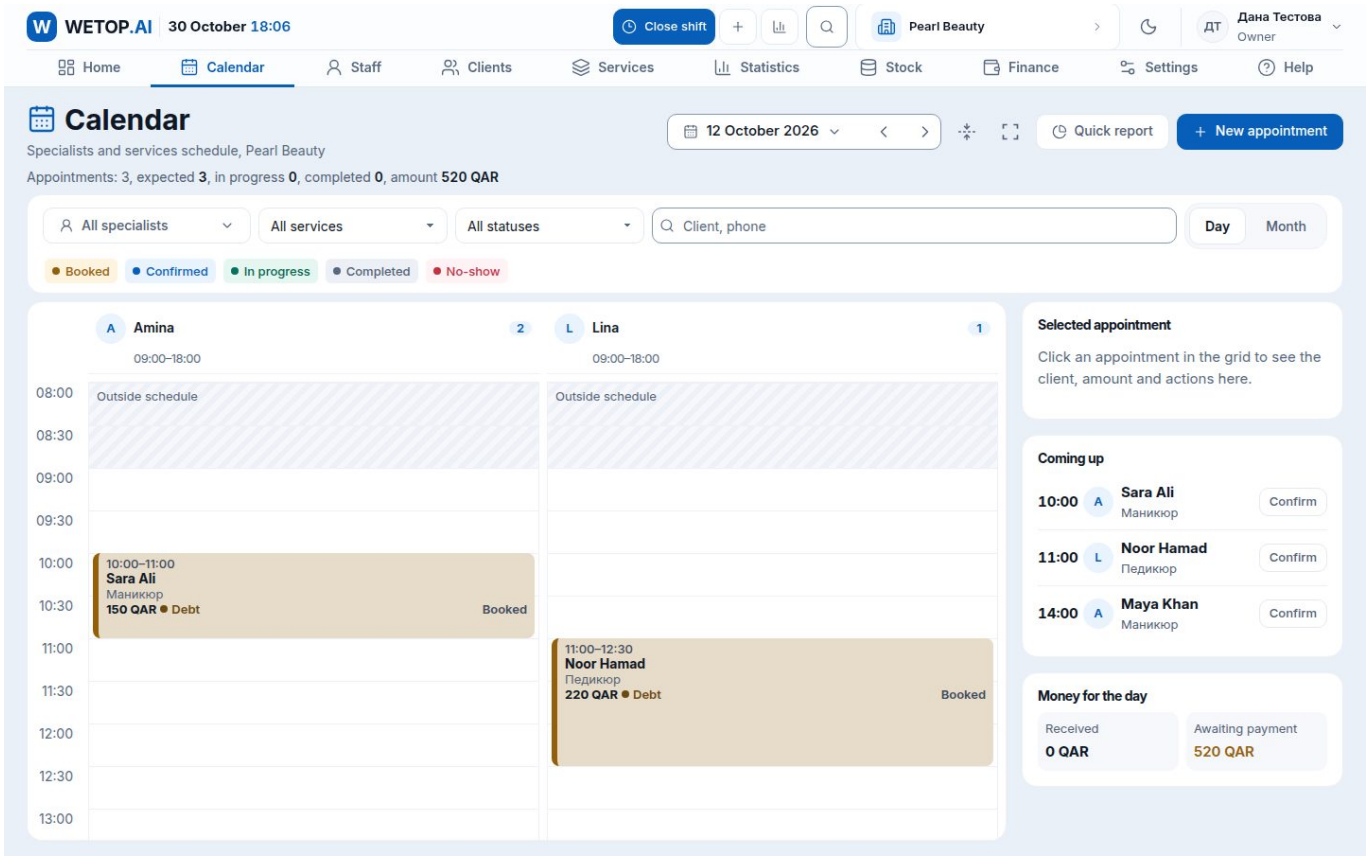

2. Day calendar

• "Calendar" shows the day in columns by specialist. Grey means outside working hours.

• Appointment status labels: Booked, Confirmed, In progress, Completed, No-show.

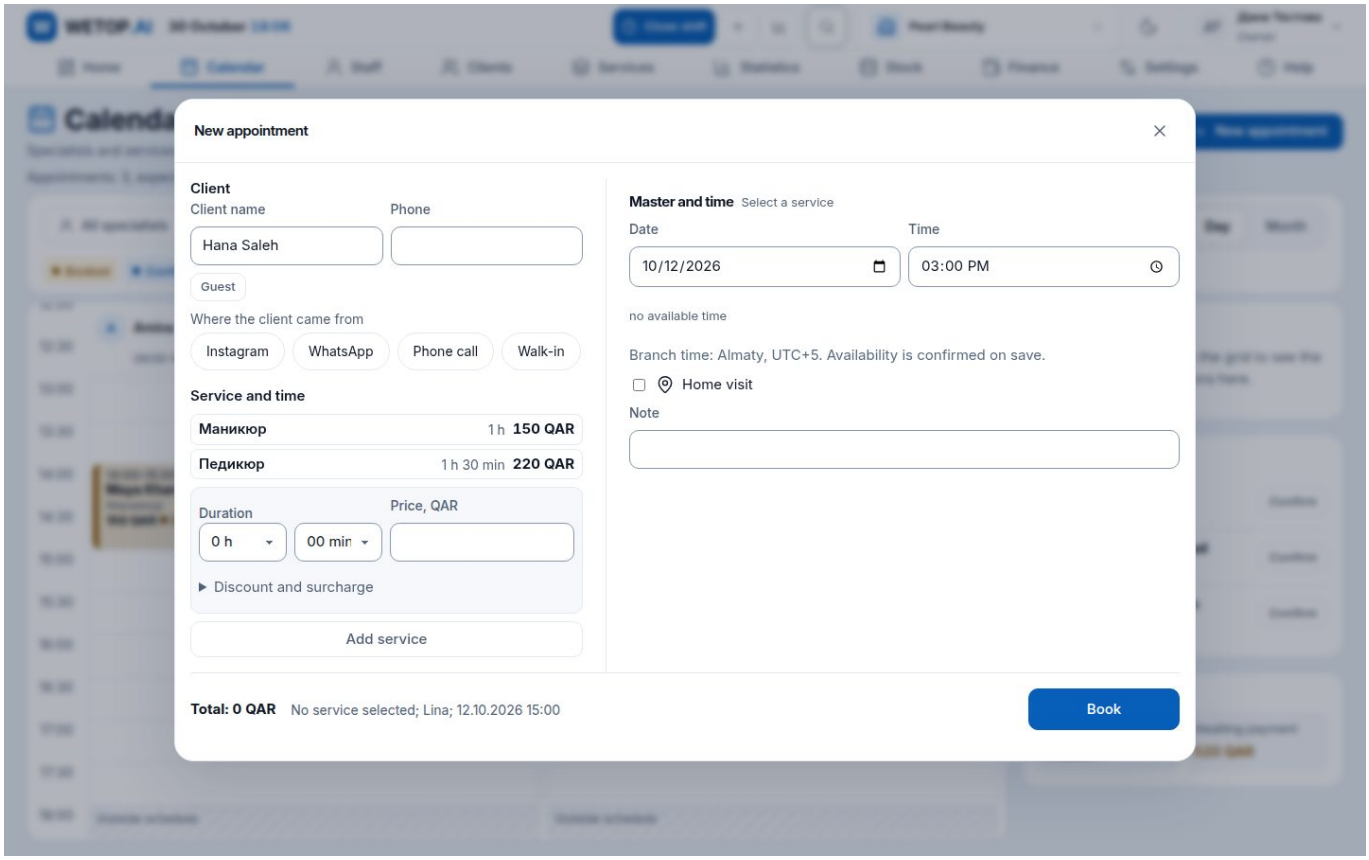

• On the right, "Coming up" lets you click "Confirm" right away. Below, "Money for the day": Received and Awaiting payment.

• The date and ‹ › arrows change the day; "Month" shows the whole month.

3. New appointment

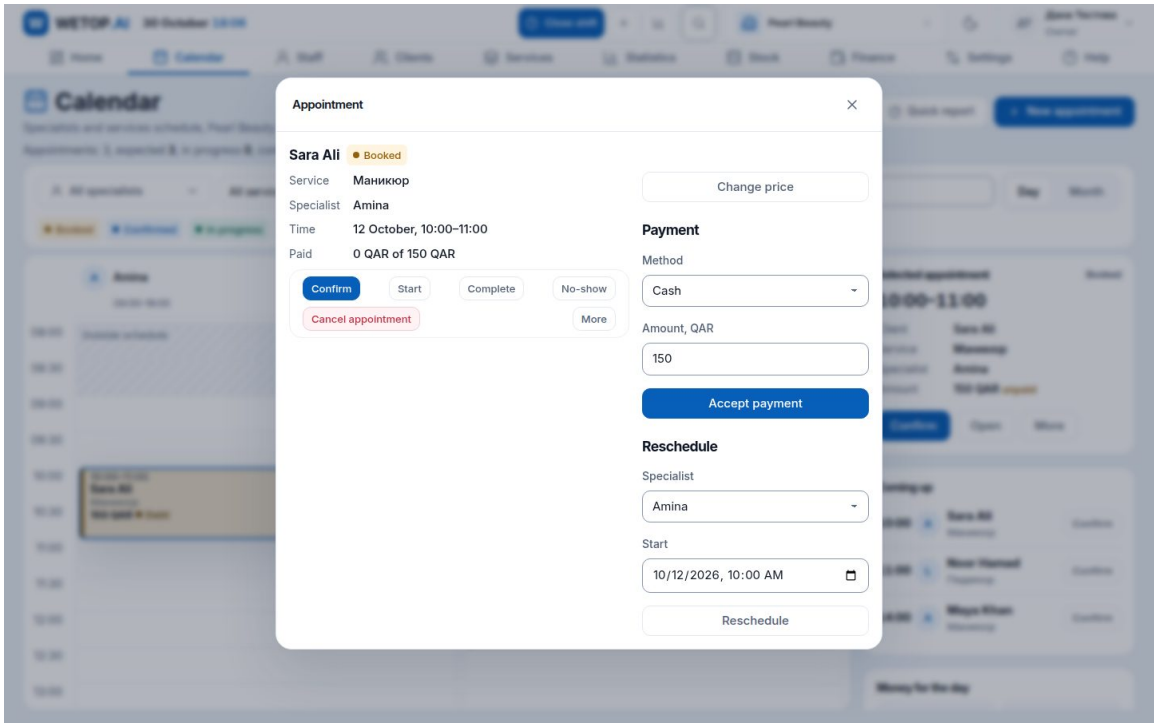

1. Click a free time in a specialist column, or "+ New appointment".
2. Enter the client name and phone, mark where the client came from.
3. Pick a service: duration and price fill in automatically. For a discount use "Discount and surcharge".
4. Check the total and click "Book".

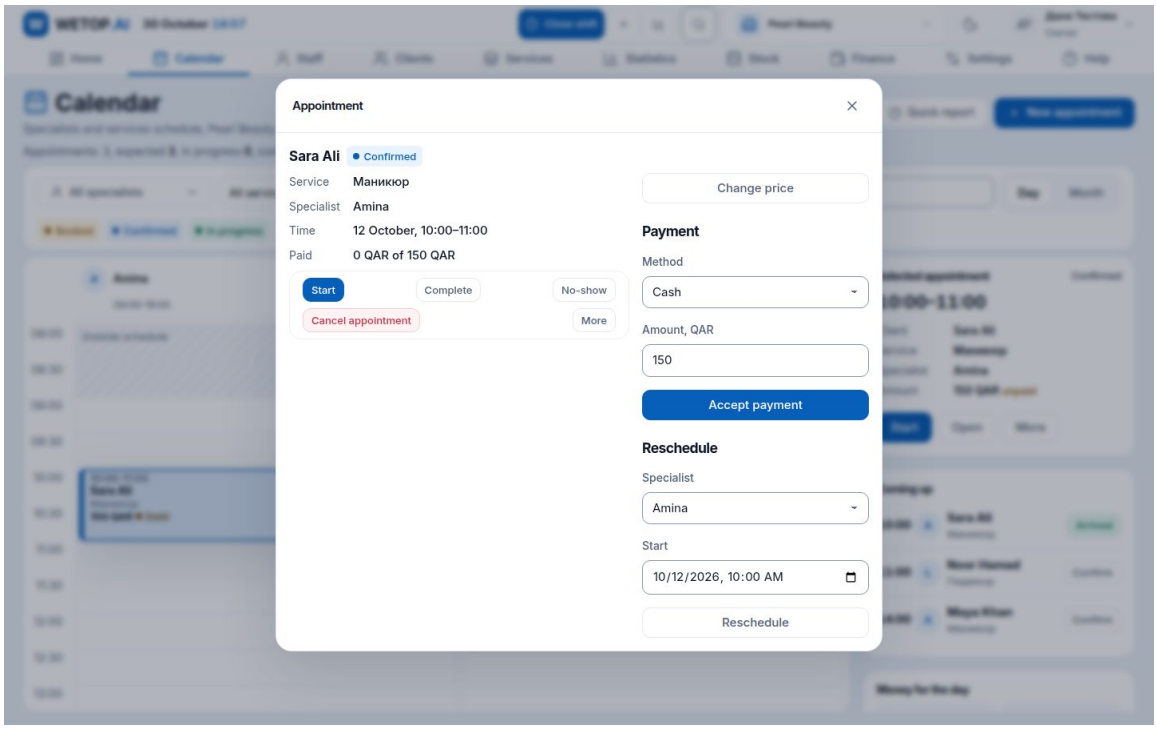

4. Appointment card

1. Click an appointment in the calendar to open its card.
2. "Confirm" when the client confirms. "Start" when they arrive.
3. Payment on the right: choose the method, check the amount, click "Accept payment".
4. Then click "Complete". An unpaid visit that is completed stays in Debt.
5. "Change price" needs a reason and is recorded in the Activity log.

Tip: First "Accept payment", then "Complete".

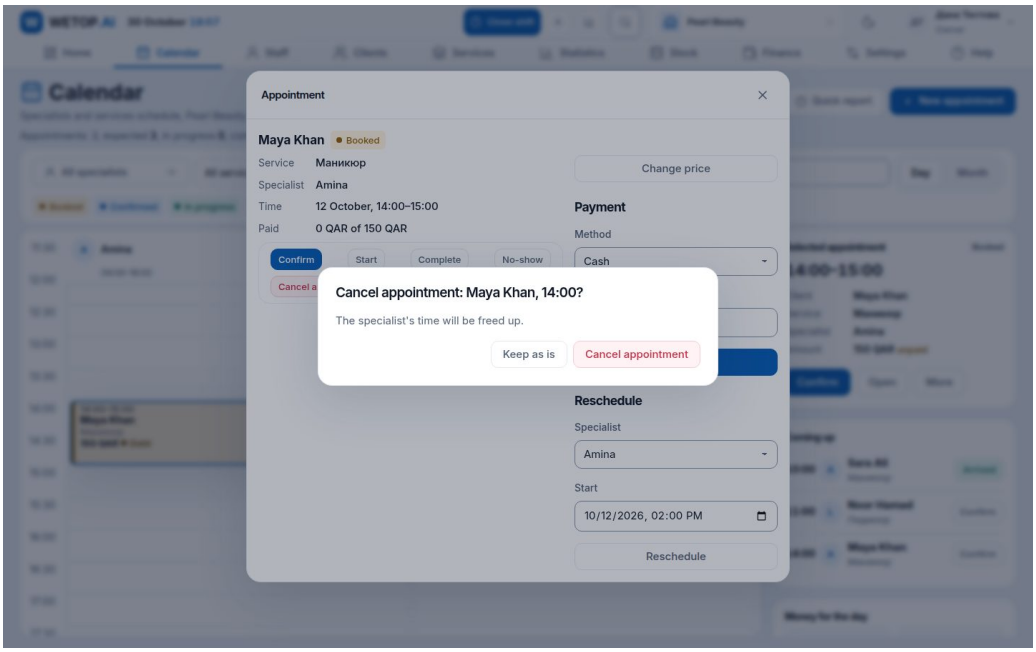

5. Cancel and reschedule

• "Cancel appointment": WETOP asks again, and the specialist's time is freed.

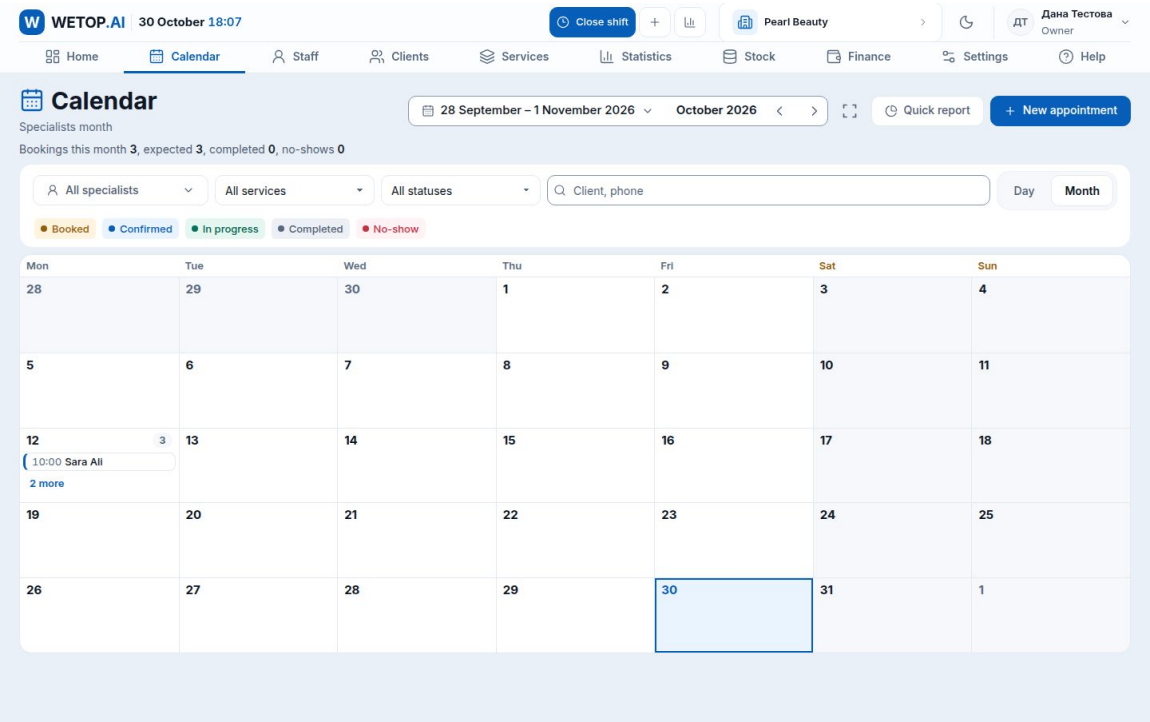

• "Reschedule": choose the specialist and new start, click "Reschedule". You can also drag the appointment in the calendar.

• "No-show" is available only after the visit start time.

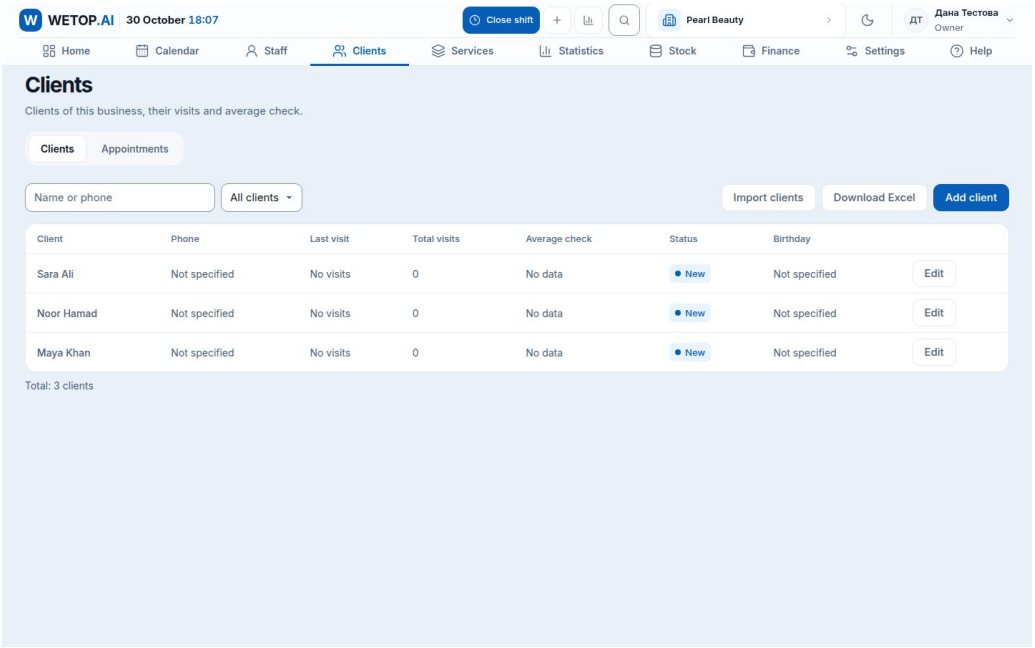

6. Week and month

• The switch at the top shows the week. Handy to find a free day for a client.

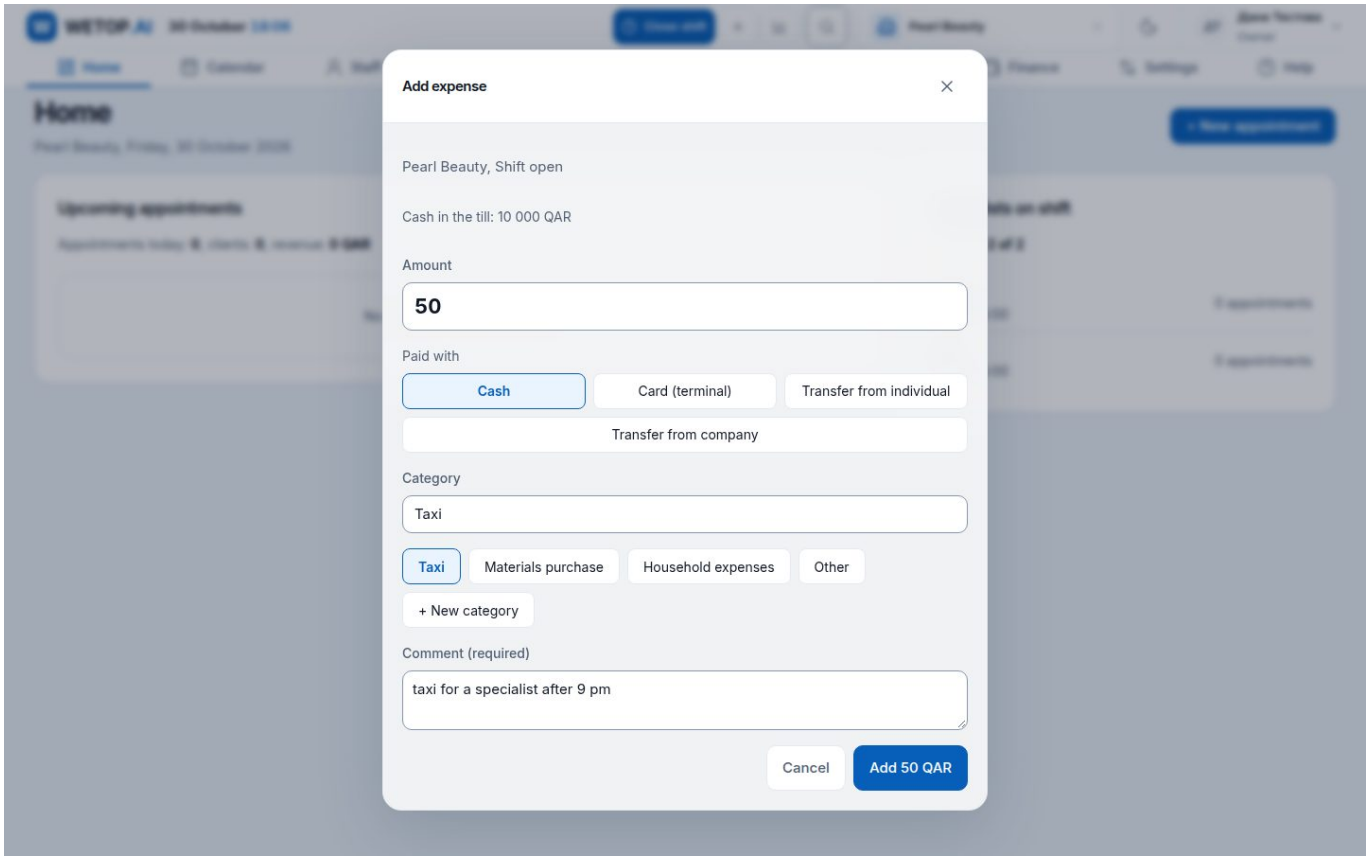

7. Clients

• "Clients": everyone who came and paid. Search by name and phone; the client card shows visit history.

8. Cash expense

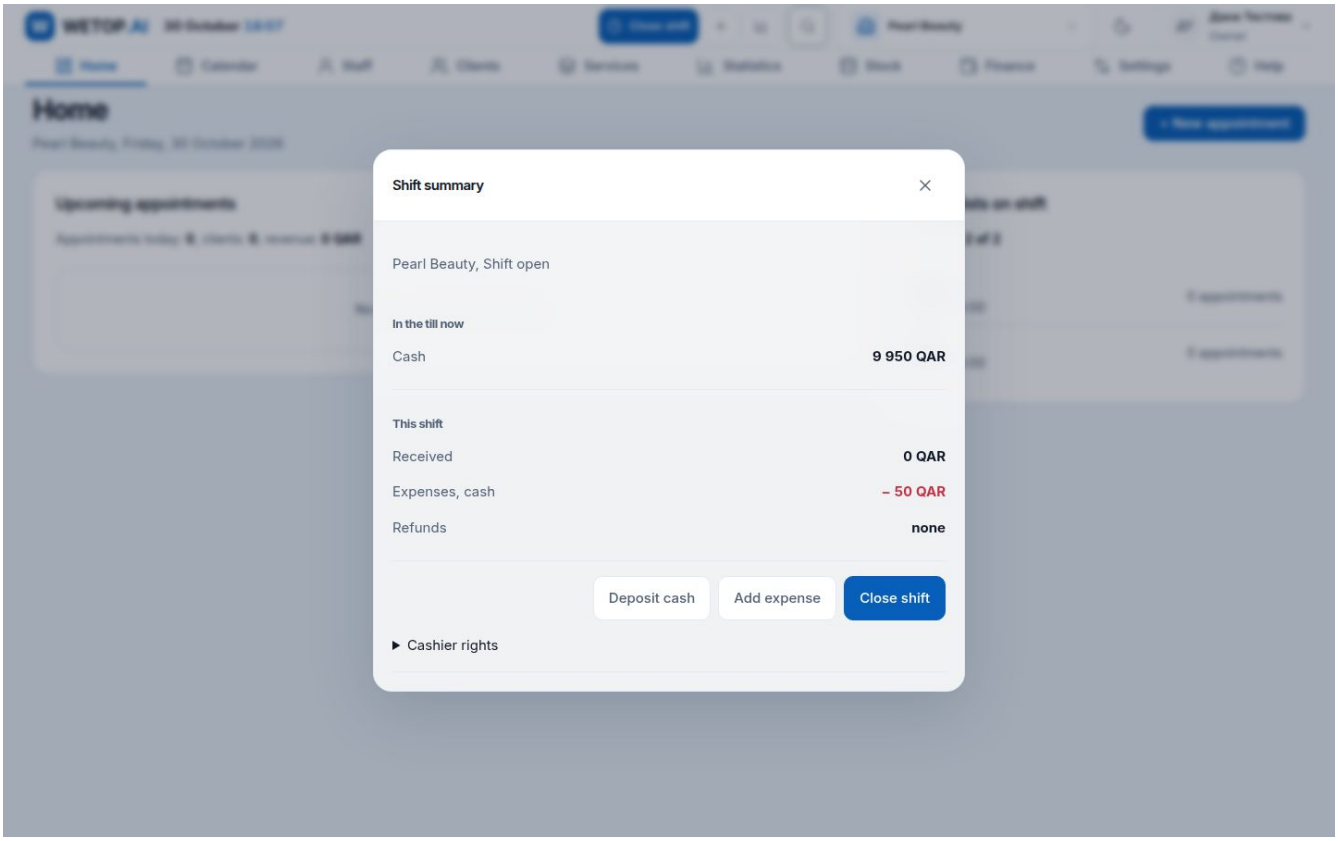

1. In the header click "+" → "Add expense".
2. Amount, how it was paid, category button. Missing one? Create a new category.
3. A comment is required: without it the expense is not saved.
4. Click "Add ...".

9. Shift summary and closing

• The chart button in the header opens "Shift summary": cash in the till now, received, expenses and refunds.

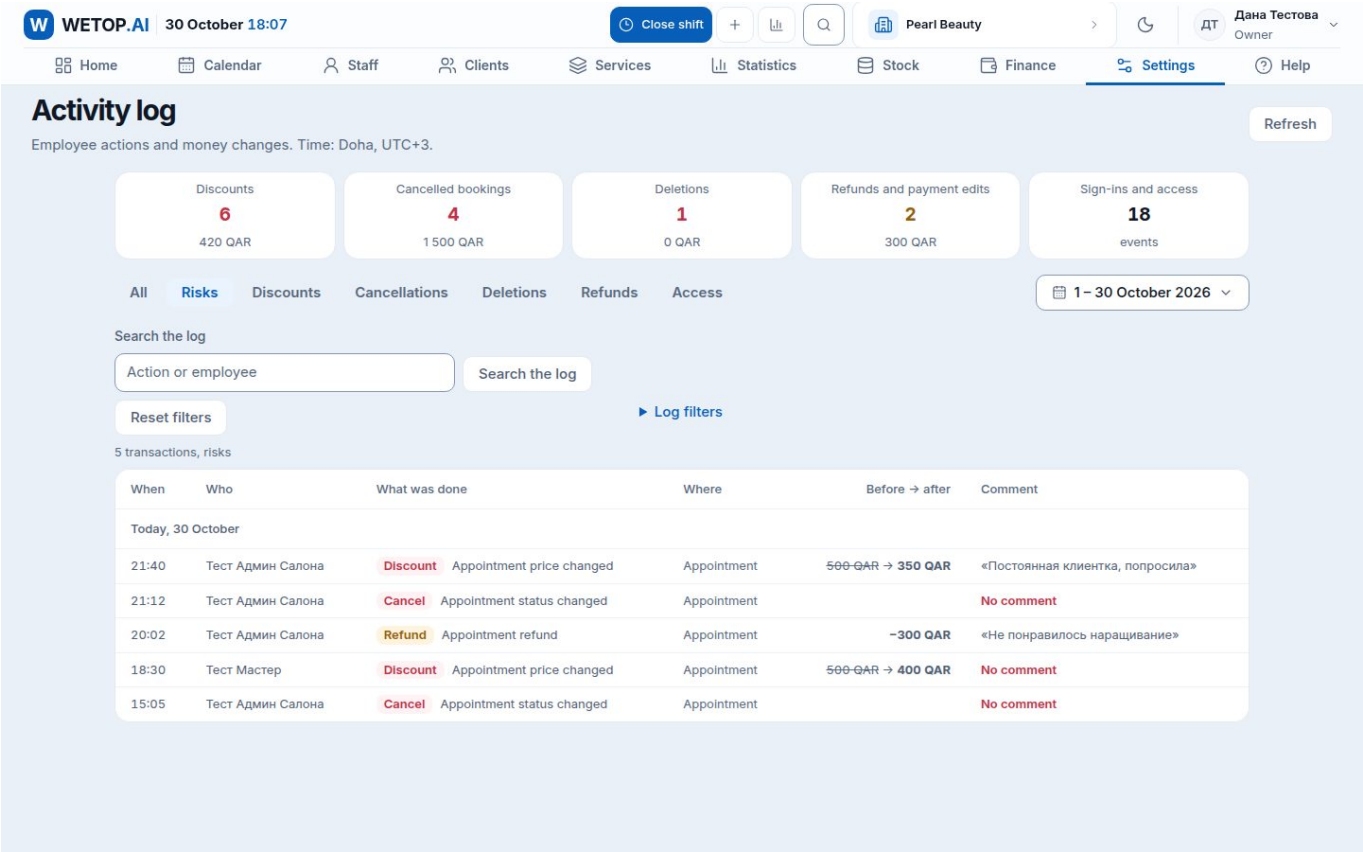

• In the evening click "Close shift" and count the cash.

10. Activity log

• The Activity log records everything: who, when, what changed, before → after, comment.

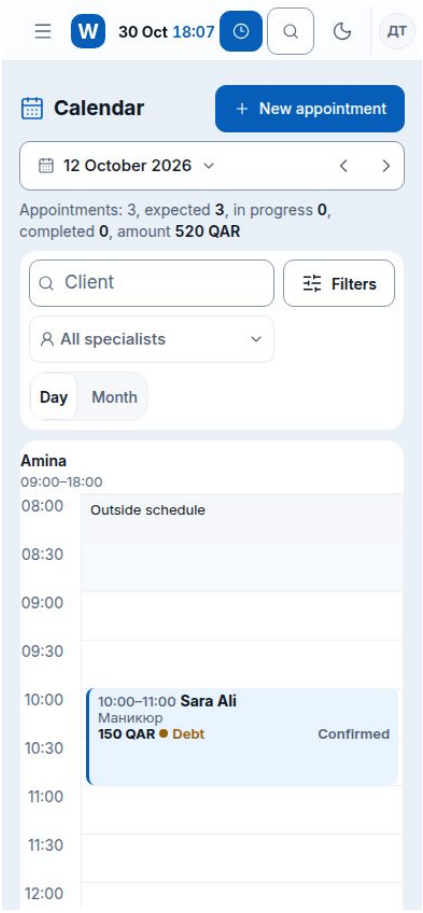

• The Risks tab: discounts, cancellations, deletions, refunds, sign-ins. The owner sees them separately.

Tip: Every price change, cancellation and expense is visible to the owner. Write a clear comment.

11. Calendar on a phone

• On a phone the day is shown as a list in one column.

12. Daily checklist

☐ Morning: "Open shift", count the cash.

☐ Confirm today's appointments in "Coming up".

☐ Client arrived: "Start".

☐ Client leaving: "Accept payment", then "Complete".

☐ Expenses only with a comment.

☐ Evening: "Shift summary", "Close shift", Awaiting payment = 0.
